### TORELLO LEATHER

This quality family-friendly leather, has a soft corrected textured grain, giving it a uniform yet natural appearance.

Created in the finest Italian tanneries it is around 20% thicker than most standard leathers on the market. Boasting a protective finish across a wide range of fashionable colours makes it ideal for busy family life.

### BOTERO LEATHER

This beautiful semi aniline through dyed leather offers a wonderful natural grain, lightly buffed to ensure a soft silk like handle to this natural leather. Also available in a wide range of fashionable colours, this luxury leather tailors beautifully on our exclusive Italian collections.

Like all leathers these articles show the natural characteristics and variations in colour and grain, making each piece truly unique and are the hallmark of its natural authenticity.
